

Thursday 30 June

Case Presentation and Round Table Discussion | 1600 - 1700
Best Coronary Practices
Panel: National and International Faculty

Case Presentation and Round Table Discussion | 1700 - 1800
Optimal Management of Aortic Valve and Aortic Root
Pathologies
Panel: National and International Faculty

Friday 01 July

Scientific Session 1
Coronary Revascularisation
Moderators: John Brereton and Darren Walters

- 0745 Welcome Address
Homayoun Jalali
- 1.1 The Evidence for Surgical Revascularisation
David Taggart - International Guest Presenter (UK)
- 1.2 Left Main Artery PCI
TBA
- 1.3 The Non-critical LAD Lesion. What to do?
Hugh Wolfenden
- 1.4 Longitudinal Angiographic Outcomes of Conduits
Alistair Royse
- 1.5 Arterial Revascularisation, Pearls and Pitfalls
James Tatoulis
- 1.6 Bilateral IMA's in Octogenarians. Why not?
Sumit Yadav
- 1.7 The Importance of Long Term Follow up of our Surgical
Results
John Brereton
- 0945 MORNING REFRESHMENTS | *Exhibition Area*

Scientific Session 2

Mitral & Tricuspid Valve Interventions

Moderators: Trevor Fayers and David Mueller

- 1015
- 2.1 Leaflet Resection in Mitral Valve Repair
Anelechi Anyanwu - International Guest Presenter (Virtual)
 - 2.2 Why Valve Repair is a Better Outcome for the Patient than Valve Replacement?
Darryl Burstow
 - 2.3 Mitral Annular Decalcification
Michael Gardner
 - 2.4 Bileaflet Prolapse or Mitral Annular Disjunction? How to Repair?
Patrick Perier - International Guest Presenter (Virtual)
 - 2.5 Current Status of Transcatheter Mitral Valve Implantation
Gry Dahl - International Guest Presenter (Norway)
- Aortic Surgery Symposium
- 2.6 Rapid Deployment and Sutureless Valves in AVR
Kevin Teoh - International Guest Presenter (Canada)
- 1215 LUNCH | *Exhibition Area*

Aortic Surgery Symposium - Continued

Moderators: George Matalanis and Nelson Alphonso

- 1315
- AS.1 Lessons Learnt from 3 Decades of the David's Procedure
Tirone David - International Guest Presenter (Canada)
 - AS.2 Bicuspid Valve Selection for the David Procedure - You've got to know when to hold 'em
Gebriene El Khoury - International Guest Presenter (Belgium)
 - AS.3 Refining the Indications for Ross Procedure for AVR in Younger Adults Vs Bio-root Bentall Procedure in the TAVI Era
Peter Skillington

- AS.4 Are the PEARS Ripe for the Prime Time?
Adam El Gamel
- AS.5 A Balanced Approach to Valve Sparing Repair
Homayoun Jalali
- AS.6 Ross to Salvage a David and David to Salvage a Ross
Gebrine El Khoury - International Guest Presenter (Belgium)

1515 AFTERNOON REFRESHMENTS | *Exhibition Area*

Aortic Surgery Symposium - Continued

Moderators: Bruce French and TBA

- 1545 AS.1 DHCA and Cerebral Protection
Eric Janes
- AS.2 Acute Type A Dissection, a New Treatment Paradigm
George Matalanis
- AS.3 Management of Aortic Dissection with Extended Arch Surgery
Michael Moon - International Guest Presenter (Canada)
- AS.4 The Hemi-arch Procedure is Still Best Operation for Acute Type A Dissection
Manu Mathur
- AS.5 Why and how I Include a Hemi Arch for my VSARS every/most times?
Paul Bannon
- AS.6 Branch First Total Arch Replacement. Results and Lessons Learnt from Two Decades Experience
George Matalanis
- AS.7 Mini-access Total Arch and Frozen Elephant Trunk
Tristan Yan
- AS.8 Recurrent Coarctation - Anatomic, Extra-anatomic or Stent
Richard Chard

1800 - 1900 WELCOME RECEPTION | *Exhibition Area*

- 0700 SUNRISE SESSION: Supporting Vein Grafts: No Touch Technique or VEST External Stent?
David Taggart - International Guest Presenter (UK)
Moderator: Gry Dahl - International Guest Presenter (Norway)

Scientific Session 3
Coronary Revascularisation
Moderators: Alistair Royse and TBA

- 0745 3.1 Total Arterial Revascularisation: The Literature and Contemporary Registry Analysis
Alistair Royse
- 3.2 Management of Anomalous Coronary Arteries in Adult Practice
Ian Nicholson
- 3.3 The Radial Artery: Ease, Versatility, Safety and Durability
Hugh Paterson
- 3.4 When Should we do Single, Multiple or Total Arterial Grafts
David Taggart - International Guest Presenter (UK)
- 3.5 MIDCAB, Why is no one Interested?
Hugh Wolfenden
- 3.6 Scenarios I would like to see CTS and IC Working Together for more Hybrid Revascularisation?
Rustem Dautov
- 3.7 The Survival Benefit of CABG in Stable Angina and why the Guidelines should be Redefined
Aashray Gupta

- 0945 MORNING REFRESHMENTS | *Exhibition Area*

Scientific Session 4
Trans Catheter Interventions and where Cardiac Surgeons fit?
Moderators: Levi Bassin and Gry Dahl

- 1015 4.1 Destructive Root Endocarditis and the Commando Operation
Tirone David - International Guest Presenter (Canada)

- 4.2 Low Flow, Low Gradient Severe AS
Mohsen Habibian
- 4.3 The Expanding Indications for TAVR
Darren Walters
- 4.4 TBA
Martin Ng
- 4.5 Surgeons in TAVI, Luxury Appendage or a Required Team Member?
Jayme Bennetts
- 4.6 TAVI: We need a (Cardiac) Surgeon ASAP in the Cath-lab.
Emily Granger

1215 LUNCH | *Exhibition Area*

Scientific Session 5 Therapies for Atrial Fibrillation Moderators: Michael Yii and Trevor Fayers

- 1315 5.1 AF in Perspective – Which Patients the EP can and can't Treat
Rukshen Weerasooriya
- 5.2 It is Standard of Care: Surgical AF Treatment
Timo Weimar - International Guest Presenter (Germany)
- 5.3 Simplifying the Concomitant MAZE Closed Maze Video Aortic Modification Video
Adrian Pick
- 5.4 Procedures for Lone AF Convergent (Operative Technique) Video
Pragnesh Joshi
- 5.5 TT Maze (Operative Technique) Video
Adrian Pick
- 5.6 TBA
TBA
- 5.7 A Small Intervention with High Impact: LAA Management
Timo Weimar - International Guest Presenter (Germany)
- 5.8 Can EP and Surgeons Work Together? How and Why?
Emily Kotschet

Saturday 02 July

Discussion

1515

AFTERNOON REFRESHMENTS | *Exhibition Area*

Scientific Session 6

TBA

Moderators: TBA

1545

- 6.1 Mitral Valve Reconstruction in Endocarditis
Gebrine El Khoury - International Guest Presenter (Belgium)
- 6.2 Unresolved Issues in Mitral Valve Repair for Leaflet Prolapse
Tirone David - International Guest Presenter (Canada)
- 6.3 When I Recommend TEER
David Muller
- 6.4 TBA
Greg Scalia
- 6.5 Transcatheter Interventions for the Tricuspid Valve
Gry Dahl - International Guest Presenter (Norway)
- 6.6 Minimally Invasive and Robotics in Mitral Valve Surgery
TBA

Sunday 03 July

Master Class 1 | 0745 - 0915
Management of Atrial Dysrhythmias
Moderators: Adrian Pick and Timo Weimar

Master Class 2 | 0745 - 0915
Aortic Devices and Stents
Moderators: George Matalanis, Tristan Yan and Michael Moon

Trainee and Young Surgeons Symposium Moderators: Chris Coles and Emily Granger

- 0930 T.1 David's Procedure Step by Step
Tirone David - International Guest Presenter (Canada)
- T.2 Tips and Pitfalls for Rapid Deployment and Sutureless Valves
Kevin Teoh - International Guest Presenter (Canada)
- T.3 Surgeons can and Should do TAVI
Gry Dahl - International Guest Presenter (Norway)
- T.4 How to Learn Ross Procedure from Scratch
Michael O'Keefe
- T.5 Should I Aim to Become a Superspecialist or Multiskilled or both or none?
Homayoun Jalali
- 1100 BRUNCH WITH THE INTERNATIONALS

Trainee and Young Surgeons Symposium Moderators: Chris Cole and Emily Granger

- 1200 T.6 Quality Assessment in Bypass Grafting, Interactive Clinical Scenarios
David Taggart - International Guest Presenter (UK)
- T.7 Success with the Maze Procedure from the start of your Career
Timo Weimar - International Guest Presenter (Germany)
- T.8 Systematic Approach to Valve Repairs
Gebriene El Khoury - International Guest Presenter (Belgium)
- T.9 An Introduction to Aortic Arch Devices
Michael Moon - International Guest Presenter (Canada)
- T.10 Case Presentation and Panel Discussion
Emily Granger
- 1330 CONFERENCE CLOSE
